## PROFILE

Hello! I'm a 3D generalist based in Los Angeles. I mainly focus on creating stylized characters and environments. I am very passionate about trying to capture the style and feeling of concept art in my 3D work. I love look development and finding new ways to achieve a desired art style!

## PROJECT EXPERIENCE

**Look Development – The Big Beaver**
*-Investigated new methods for achieving a "painterly" look in Real Time 3D using cards, different shading methods, and rendering blueprints in Unreal Engine 5*
*-Synthesized appropriate reference boards to maintain the creative vision of the concept art*

**3D Generalist – The Fairy Forest**
*-Created a fairy character model from scratch utilizing industry software for sculpting, retopology, texture baking, and hair grooming*
*-Collaborated with professors to improve the project and iterating based on feedback*

## PROFESSIONAL EXPERIENCE

**Art Framer**
Mainely Frames & Gallery, Portland, ME
Mar 2022 - May 2022
*-Created art mats to exact specifications to maintain a high level of quality control*
*-Used archival-quality, acid-free materials to ensure the long-term preservation of historical art*

**IT Intern**
Northern Tier Center for Health, Richford, VT
June 2021 - August 2021
*-Conducted routine hardware servicing for clinical and administrative Windows PCs*
*-Installed and maintained necessary applications for operations*

**Office Assistant**
Law Office of Vaughn Comeau, Enosburg, VT
June 2020 - August 2020
*-Supported a senior attorney by managing essential back-office functions*
*-Digitized high volumes of sensitive legal documents, case files, and records*
*-Created a digital file organization system with appropriate naming conventions*
